*a fresh breath of tradition*

For more than 40 years, handcrafted Stephenson Cupolas have provided a fresh breath of tradition to country homes, carriage houses, barns and public buildings. They add a charming architectural accent while substantially improving ventilation. The preassembled wood bases feature simple, clean lines and large, flow-through louver panels.

The shapely copper and aluminum roofs are distinctive and long-lasting. Topped with one of Stephenson's handsome weathervanes, the Stephenson Cupolas are a graceful reminder of our proud American heritage. They delight the eye and add lasting value to the property.
