National Millwork is the leader in providing custom millwork to New England.
If you can dream it, we can build it.

**Our talented craftsmen custom manufacture staircases
with state-of-the-art equipment.**

We exceed the expectations of the most demanding customers because we have taken great care to gather talented people who take pride in the quality and precision of their work.

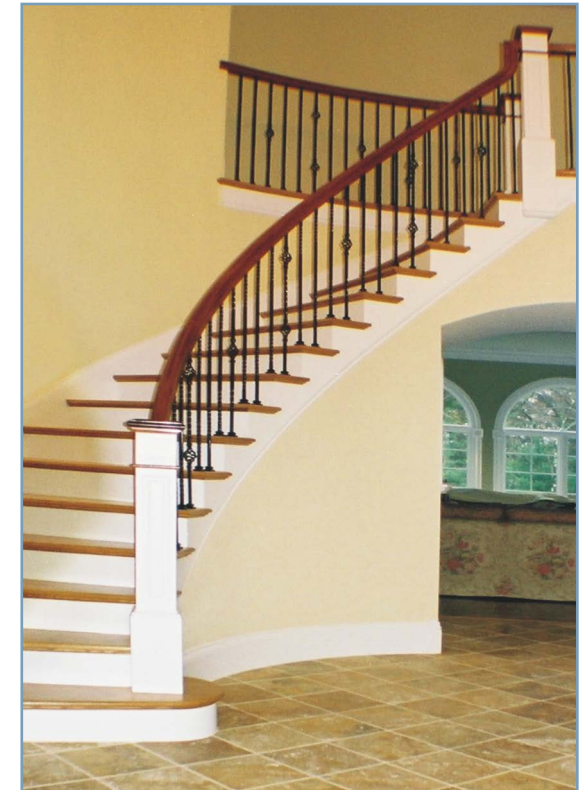

Your projects avoid unnecessary delays because our planning and organization allows us to reduce the extended lead-time often associated with special requests.

Classic & Contemporary Custom Products

- Staircases
- Wainscoting
- Mouldings
- Rosettes
- Mantels
- Closet Kits
- Exterior Trim
- Pediments
- Columns
- And more!

We produce beautiful,
high quality, custom
pre-built staircases.

In 2007, National Millwork acquired the
talented craftsmen of Boston Stairworks.
Planning with our experts early in your
building process provides superior results.

Our specialists will visit your office or job-site to verify details and monitor progress. Our extensive fleet affords you reliability and flexibility on delivery date and time.

You can trust that the products we supply meet our strict standards for reliability and exceptional value over time.

“We strive to ensure that all our shop work meets the exacting standards of our discerning custom builder clientele.”
Ask about a tour of our facility and see the construction process first-hand.
